

## OHG vowels practice

One way to understand the history of patterns is to look at how they participate in morphological alternations. What sound changes or phonological processes lead to these patterns found within?

1. nimis ~ nēmant
2. naht, nahti, versus nhd. Nacht, Nächte
3. helfan ~ hilfu; hulfun ~ giholfan
4. faru ~ feris(t)
5. haltu ~ haltis (Otfrid: heltis)
6. mēr ~ meist
7. holz, holzir, versus German Holz, Hölzer
